## Tennessee Beef Alliance

PVP (Age and Source Verified)  
Country of Origin Verified  
Beef Quality Assurance Certified  
Minimum 45 days weaned/preconditioned  
Specific Health Program  
Bred for efficient growth and quality carcasses

Welcome to the TLP video sale scheduled for **December 5, 2008 at 2pm Central time.**

**1,400 spring born calves** from the Tennessee Beef Alliance will sell in uniform 48 to 50,000 pound load lots.

An extreme level of management and effort has been placed in this offering of both steers and heifers.

The management effort has focused on providing the buyer with a high degree of confidence that these calves will not only remain healthy and perform well, but also provide additional profit incentives through **Age and Source verification** and their ability to qualify for the Beef Export program.

The Tennessee Beef Producer Alliance is made up of producers located in the lower Middle Tennessee and upper Cumberland areas of the state.

The Objective of the Tennessee Beef Alliance is to effectively commingle calves from a group of producers to form uniform truck load lots that perform as if they were a single source load.

This effectiveness of commingling is a result of planned management for genetics, health, as well as, weaning and nutritional management.

Calves will be gathered December 4, 2008(day prior to sale) at two separate facilities relative to producer location.

All calves consigned by producers within the upper Cumberland area will be gathered at the Bilbrey Brothers facility off Highway 111 south in Cookeville, TN.

This gathering will include approximately 700 head.

All calves consigned by producers within the lower Middle Tennessee area will be gathered at TLP's barn in Columbia, TN at 1231 Industrial Park Road.

The Columbia location will include approximately 700 head.

Both locations will gather from 6:00 am till 12:00 noon December 4, 2008.

Upon arrival cattle will be sorted by sex, color, grade and weighed.

After all cattle are in and the sale groups are formed TLP will promptly send this information to all buyers.

Cattle will need to be picked up Friday following sale.

Please, note that all Alliance groups, (upper Cumberland and lower Middle TN), received excellent 2 shot health protocols with both including Modified Live Virus vaccines.

Health protocols included;

Merial /Boeringer Ingelhiem (SureHealth)  
Pfizer Protocol  
Fort Dodge Protocol

The sale will begin at 2:00pm central time December 5, 2008.

The sale will also be located on [Imauctions.com](http://Imauctions.com) via the internet.

Please do not hesitate to contact TLP at 931.388.7872 ext. 2235 if you have any questions.
